

Perelman's Pocket Cigar Finder 2006

THE CIGAR FINDER

(at 30 June 2006)

Here are 1,106 handmade, 99 machine-made and 68 small cigar brands (1,273 total) in a compact index to country of origin, strength of body, number of shapes, availability of unusual wrappers and distributors.

For each brand, a two-letter code designates the country of manufacture and a one-digit code indicates the strength of flavor of the brand:

<i>Country of Origin</i>		<i>Strength</i>	
Ba	Barbados	1	Mild body
Be	Belgium	2	Mild to medium
Bh	Bahamas	3	Medium body
Br	Brazil	4	Medium to full
Ca	Canada	5	Full body
CI	Canary Islands		
Co	Colombia		
CR	Costa Rica		
De	Denmark		
DR	Dominican Republic		
Ec	Ecuador		
Eg	Egypt		
Ge	Germany		
Ho	Honduras		
Ia	India		
In	Indonesia		
Ir	Ireland		
It	Italy		
Ja	Jamaica		
Mx	Mexico		
Ne	Netherlands		
Ni	Nicaragua		
Pa	Panama		
Pe	Peru		
Ph	Philippines		
PR	Puerto Rico		
SA	South Africa		
Sp	Spain		
Sz	Switzerland		
Tu	Turkey		
US	United States		
Ve	Venezuela		

In addition, each line lists the number of shapes available, whether at one of the shapes in that brand is offered with a candela or maduro wrapper.

The primary U.S. distributor(s) for each brand is also listed, where available. Contact information for each distributor is listed in next section. In some cases, distribution is limited to specific stores and is not generally available. This is indicated by the notation of “*exclusive distribution*” or “*limited distribution.*”

THE CIGAR FINDER

In a few cases, distribution of a recently-available brand has definitely stopped. This may be due to a shift in distributors, but more likely because the brand has died and is not being distributed any longer. This is noted by the caption “*out of distribution.*”

Please note the following other symbols:

- + = Brands we have noted as either *new* in national distribution, or *returned* to distribution between June 1 and December 31, 2005.
- § = Brands noted in distribution *after* January 1, 2006 *or* whose distributor is not located in the U.S.
- Str** = “Striped” wrapper including maduro leaf available.
