## To our readers:

In response to requests for more information about Cuban cigars on CigarCyclopedia.com, here is a companion Comparison Shopper spreadsheet to our sheet listing cigars on the American market. Unlike our American-market compilation, however, **we have no direct contact or experience with these merchants, so buyer beware!**

Please note that this spreadsheet is presented for the benefit of our international visitors and is not intended for use by American citizens. Under regulations of the United States government (31 C.F.R. part 515), "There is now an across the board ban on the importation into the United States of Cuban-origin cigars and other **Cuban-origin tobacco products, as well as most other products of Cuban origin.** . . . [T]he import ban extends to Cuban-origin tobacco products offered for sale over the Internet or through the catalog mail purchases." Both criminal and civil penalties may be sought by the U.S. Treasury Office of Foreign Assets Control.

Please note that changes in currency exchange rates can result in a price decrease in one currency and an increase in another!

**Key:**                                      **New items shown in blue.**      **Price decreases in green.**      **Price increases in red.**                                      (A/T) = Aluminum tubes
